

OpenID Connect Working Group Update

Michael B. Jones
Identity Standards Architect at Microsoft

Working Group Updates Since Last Workshop – May 2022

- The Logout specs are now Final
 - <https://openid.net/2022/09/12/the-openid-connect-logout-specifications-are-now-final-specifications/>
- unmet_authentication_requirements becoming Final
 - Vote now at <https://openid.net/foundation/members/polls/291!>
- prompt=create becoming Final
 - Vote tomorrow at <https://openid.net/foundation/members/polls/296>
- Native SSO for Mobile Apps becoming Implementer's Draft
 - Vote opens next week

Working Group Updates Since Last Workshop – May 2022

- Continued progress on OpenID for Verifiable Credentials specs
 - VC Issuance and Presentation specs now based on OAuth 2.0
 - Working steadily towards Implementer's Drafts
- We created a page dedicated to the OpenID4VC specs
 - <https://openid.net/openid4vc/>
- Continued progress on OpenID Connect Federation spec
 - In production deployment by Italian Government
 - Another round of interop testing being planned
 - We appreciate the great reviews that have come in
 - Incrementally working towards Final status

Working Group Updates Since Last Workshop – May 2022

- Submitted ISO/IEC JTC 1 PAS Submitter Application
 - Will create ISO equivalents of Final OpenID Connect specs
 - Will enable governments to use OpenID Connect in procurements
- Continued progress on Errata updates
 - Addressed 10 errata issues in the last few weeks
 - Another 22 to go
 - Errata updates need to be completed as input to PAS submission

Possible Topics at IIW This Week

- Automatic Registration
 - The ability for a client to dynamically provide information about itself to the AS/OP, rather than performing pre-registration
 - OAuth WG attendees were receptive to idea at IETF last week
- Working OpenID4VC PRs and Issues
 - Possibly decide which are critical to reach Implementer's Drafts
- Working OpenID Federation PRs and Issues
 - Currently 2 PRs and 11 open issues

Next Calls

- Today's Connect WG call cancelled in favor of this workshop
- Do we want to hold Thursday's calls?
 - 7am European-friendly OpenID Connect WG call
 - 8am SLOP Special Topic call
